

The Human Capital Partnership (Employment Agencies) Programme was introduced on 28 December 2020 to recognise progressive employment agencies (EAs) that have demonstrated strong commitment to fair recruitment practices and helped their clients strengthen Singaporean core in their workforce.

Nine EAs have been appointed as HCP(EA) partners*:

- These EAs can help employers consider jobseekers that they may sometimes overlook, by focusing on jobseekers' transferrable skills and relevant experience.
- These EAs can also help jobseekers consider opportunities they sometimes overlook, by identifying job roles that are adjacent to their skill sets and helping them to present their value proposition to prospective employers in a more compelling way.
