

LOOK. THINK. DO.

Look out for danger. Think of how you can protect yourself. Do your work safely.

6 Basic Workplace Safety and Health (WSH) Rules for Traffic Management

Poor traffic management at work can lead to severe injuries or even death. **Every year, 5 workers die and 326 workers are injured from being hit by moving vehicles.** Do your risk assessment before starting work.

Report to your supervisor if you feel unwell.

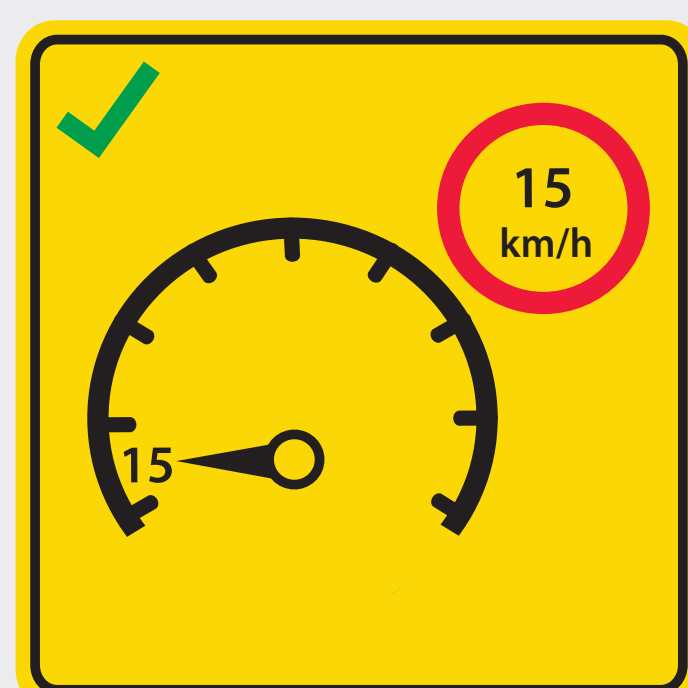

Use designated pedestrian walkways.

Use handbrake and wheel chocks when parking.

Drive within the workplace speed limit.

Check blind spots before reversing.

Cordon off work zone from traffic.
