

# WATCH YOUR STEP

Every year, there are more than 3,000 workers who are injured due to Slips, Trips and Falls across all industries. Do your part at the workplace by heeding these safety actions.

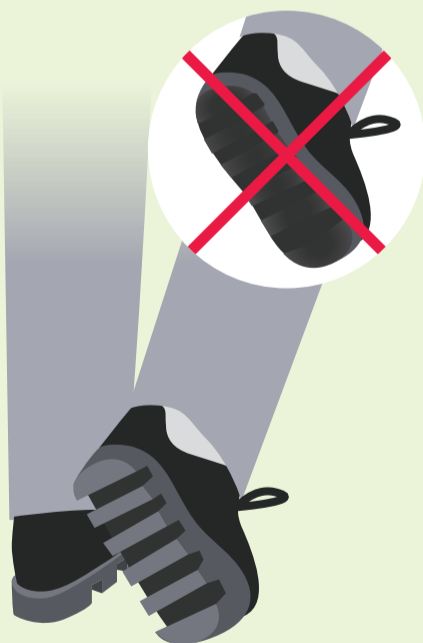

## Safety Actions to prevent **SLIPS, TRIPS AND FALLS** in the Logistics and Transport industry

**Maintain 3-point contact when entering or exiting the vehicle.**

**Face the vehicle when dismounting.**

**Wear non-slip shoes. Replace shoes when soles are worn out.**

**Be aware of obstacles and kerbs when climbing up or down the vehicle.**

**Clear away tripping hazards lying around (e.g. ropes, boxes).**

Set up Care Time in your phone's calendar to remind yourself to be safe. Visit [www.wshc.sg/preventstf](http://www.wshc.sg/preventstf) for more safety actions you can take.
