# Slips, Trips and Falls Campaign 2021

- Slips, Trips and Falls (STFs) have been the top cause of both major and minor injuries in workplaces since 2012. In particular, there was a 15% increase in STF-related injuries from 2015 to 2020.
- This year's STF Campaign aims to promote the co-creation of safe workplaces by encouraging companies to set and fulfil an STF Resolution to take time to check, clean and share to minimise or eliminate STF incidents together with their workers.
