About the WSH Innovation Awards

This Award recognises companies that have implemented exemplary WSH innovations and solutions to improve safety and health standards in their workplaces. It honours companies for the successful development and implementation of original, in-house solutions that address workplace safety and health challenges.

Criteria

The criteria below represent the minimum conditions required to qualify for the award. Fulfilling them will not automatically result in an award.

The Award Panel will select award recipients based on their ranked WSH performance and achievements, and all decisions are final. In addition, the Award Panel reserves the right to confer only one award on companies with multiple but identical applications, unless outcomes or achievements cited vary.

Qualifying Period: 1 January 2025 to 31 December 2025

Eligibility Criteria

1. No breach¹ of WSH matters in the company, due to the implementation of the innovation project.

The applicant must have implemented an innovative WSH solution which:

2. Is original and practical, and demonstrates creativity and effectiveness in enhancing safety and health at work.
3. Was produced by a team comprising employees and contractors involved in the work where the innovation is deployed.
4. Focused on:
 - a) Minimising safety hazards in areas such as working at heights. The solution may take the form of an engineering measure, practice or safety system that eliminates, controls or significantly reduces risks; OR
 - b) Implementing upstream risk controls to eliminate or minimise risks from workplace hazards such as exposure to hazardous substances or excessive noise.
5. Resulted in significant improvements in WSH.
6. Was implemented for at least six (6) months, with no reportable accident or incident in the workplace.
7. Has in place effective risk control measures, which do not create or lead to new risk(s).
8. Does not infringe any copyright or patent laws.

Note: Applicants submitting more than one innovation project are to submit a separate application for each project. If the implemented WSH solution involves the adoption of a commercially available WSH technology, please apply for the WSH Tech Awards instead.

¹ Includes Stop Work Order, Business Under Surveillance Programme, more than two composition fines (or fines exceeding \$4,000) including health-related offences from MOM Occupational Safety and Health Division; demerit points, and WSH-related investigations, conviction or prosecution (including pending cases) with regard to workplace and labour matters under the [Workplace Safety and Health Act and Employment Act](#). Excludes COVID-19 related matters.

Evaluation

The following associations will first evaluate and shortlist their respective industry-specific applications:

- Association of Process Industry (ASPRI)
- Association of Singapore Marine and Offshore Energy Industries (ASMI)*
- Container Depot and Logistics Association (Singapore) (CDAS) and Singapore Logistics Association (SLA)
- Singapore Hotel Association (SHA)
- Singapore Manufacturing Federation (SMF)
- The Singapore Contractors Association Ltd (SCAL)

All other applications will be evaluated by the WSH Council.

*Applicants from the marine industry are to submit their applications to ASMI.

Presentation

Shortlisted applicants will be required to present their projects to a panel of judges at a judging session organised by the respective industry associations. The judging sessions will take place between May and June 2026.

Nomination by Associations

Each industry association will shortlist and nominate up to three (3) applications, for further evaluation to receive the WSH Award at the national platform.

Disqualification

An application may be disqualified if any of the following occurs **before** the announcement of results in **September 2026**:

- a) A [workplace accident](#) resulting in a/ an:
 - Fatal accident;
 - [Major injury](#) accident;
 - Dangerous Occurrence (DO); and/ or
 - Infringement of [legislation under MOM's purview](#).

- b) The application contains inaccurate, false or misleading supporting documents, records or data, or if there is adverse reporting in the media pertaining to the applicant's WSH performance.

- c) An applicant withdraws or amends its [WSH Incident Report](#) and/ or an ongoing work injury claim during the period of application. An investigation will be conducted before the application can continue to be considered.

Application Process

Before submitting an application, please ensure all [eligibility criteria](#) are met and prepare the following:

[Part 1](#): Company's Details

[Part 2](#): Innovation Team's Details

[Part 3](#): Report

[Part 4](#): PowerPoint Slides

[Part 5](#): Video Introduction

Application Submission

[Click here](#) to submit your application.

Important Dates

Qualifying Period:	1 January 2025 – 31 December 2025
Application Submission Deadline: (with all supporting documents submitted)	8 April 2026
Awards Ceremony:	September 2026 (TBA)

Part 1: Company's Details

Company name as per UEN	<i>(The same company name will be printed on the trophy or certificate)</i>
Unique Entity Number (UEN)	
Company address	
SSIC code	<i>(Visit www.bizfile.gov.sg to retrieve)</i>
Industry	<ul style="list-style-type: none"> <input type="radio"/> Accommodation & Food Service Activities <input type="radio"/> Administrative & Support Service Activities <input type="radio"/> Chemical <input type="radio"/> Construction <input type="radio"/> Health & Social Services <input type="radio"/> Manufacturing <input type="radio"/> Marine <input type="radio"/> Professional, Scientific & Technical Activities <input type="radio"/> Real Estate Activities <input type="radio"/> Transportation & Storage <input type="radio"/> Wholesale & Retail Trade <input type="radio"/> Others: _____
Primary work activity	
Please select the association that is most relevant to your industry, so that your application will be routed to it for evaluation.	<ul style="list-style-type: none"> <input type="radio"/> Association of Process Industry <input type="radio"/> Association of Singapore Marine and Offshore Energy Industries <input type="radio"/> Container Depot and Logistics Association (Singapore) and Singapore Logistics Association <input type="radio"/> Singapore Hotel Association <input type="radio"/> Singapore Manufacturing Federation <input type="radio"/> The Singapore Contractors Associations Ltd <input type="radio"/> WSH Council (for any other industries)
Is your company an SME ² ?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Total workforce	

² Definition of an SME: Either has a group employment of fewer than 200 employees or group annual sales turnover less than \$100 million.

Contact Persons' Details

Contact Person	Salutation: Name: Designation: Contact Number: Email Address:
Alternative Contact Person	Salutation: Name: Designation: Contact Number: Email Address:

Senior Management's Details

(Note: The application outcome will be sent to the Senior Management and Contact Persons listed above.)

Senior Management	Salutation: Name: Designation: Contact Number: Email Address:
-------------------	---

Acknowledgment

By submitting this form as part of my application for the WSH Awards,

- I acknowledge that the decision of the Award Panel is final, and appeals will not be considered.
- I agree to be bound by the Award Panel's decision, which is made at their sole discretion based on the established criteria and judging guidelines.

Part 2: Innovation Team's Details

Name of team	<i>(Name is limited to 50 characters and is case-sensitive; Title Case is preferred over UPPERCASE)</i>
Date of team formation	
Name of team members	
Title of innovation project	<i>(Name is limited to 50 characters and is case-sensitive; Title Case is preferred over UPPERCASE)</i>
Company name	
Number of workers <i>(Direct workforce)</i>	

Part 3: Report

Please submit your report based on the outline below. Your report should adhere to the following specifications:

- Font: Arial, size 11
- Line spacing: 1.5
- Maximum length: Twenty (20) pages

The report and all supporting documents must be submitted.

1. Table of Contents (with page number)

2. Executive Summary of Project

- Project Theme:
- Problem:
- Causes:
- Solution:
- Abstract: Within 200 words, describe the uniqueness of the project, and how it helps improve safety and health standards within the workplace.

3. Project Details

A. About the Project Team Leader and Members (name and designation)

B. Project Selection and Definition

- Reasons for selecting project: i.e., the root cause, the problem, how does it affect the team?
- Risk assessment conducted before improvement
- How comprehensive the solution is in providing protection to those exposed to the hazard and whether the solution has addressed the risks adequately.
- Ease of set-up and use
- The worker's willingness to use the solution
- Life Cycle Cost i.e., initial purchase, maintenance, inspection, training, storage, etc.
- The degree of involvement and participation of the employees (including contractors) in risk management, and development and implementation of the solution
- Effectiveness of the control programme in supporting the successful implementation of the control solution
- Areas for improvement

C. Analytical Techniques

- Tools and risk assessment techniques used
- Approaches in identification and verification of root causes

D. Corrective Actions and Implementation

- Alternate solutions
- Recommended solutions
- Risk assessment conducted after improvement
- Implementation

E. Tangible and Intangible Results Achieved

F. Standardisation

- Documentation
- Adoption and maintenance of new procedures

G. Expandability

- Ideas that can be built on and applied to other situations or can be adapted to increase protection tend to be more useful.

H. Review and Sustenance

- Review for future improvements
- Team's next project

I. Images/ Videos of Before and After Implementation

Part 4: Presentation

Please prepare a PowerPoint presentation to introduce the project and upload the deck.

The presentation will be evaluated based on the following:

Items	Evaluation Criteria (Recommended Scores)
<p>Project Selection and Problem Definition (up to 15 points)</p>	Reasons for selecting the project, and confirmation that the solution was not bought off-the-shelf (up to 5 points)
	A systematic approach was adopted to identify the root causes of the problem or the risk encountered (up to 5 points)
	The project scope was well defined, and the problem was clearly identified (up to 5 points)
<p>Innovation (up to 25 points)</p>	Recommended solutions were innovative and practical (up to 20 points)
	Alternative solutions were evaluated (up to 5 points)
<p>Results Achieved (up to 35 points)</p>	Risk assessment was conducted on the process or machine before and after implementing the final solution (up to 15 points)
	Tangible results (e.g., productivity gain, reduction of WSH injuries/ accidents) were explained (up to 15 points)
	Intangible results were explained (up to 5 points)
<p>Standardisation (up to 10 points)</p>	New procedures were documented (up to 5 points)
	New procedures were clearly communicated and actively practised by all stakeholders (up to 5 points)
<p>Review and Project Expandability (up to 5 points)</p>	<p>Project was reviewed for further improvements (up to 5 points)</p> <ul style="list-style-type: none"> • Expandability – whether the solution can be built on/ modified for application in other situations, or adapted to increase protection where required. • Applicants whose solutions eliminate risks and can potentially be adapted industry-wide will be assessed more favourably.
<p>Presentation (up to 10 points)</p>	Presentation was clear, effective, and easy to understand (up to 5 points)
	Written submission was clear and concise. Team members showed a deep understanding of the project during the Q&A interview segment (up to 5 points)

<p>(Bonus Points)</p>	<p>Recommended solution incorporates element(s) of Total WSH (up to 5 points)</p>
<p>Incorporation of Total WSH and/or Adoption of Technology (up to 10 points)</p>	<p>Recommended solution incorporates technology to mitigate/ eliminate WSH risks (up to 5 points)</p>

Part 5: Video Introduction

Applicants are required to submit a short video showcasing the innovative project/ solution and demonstrating the WSH improvement before and after implementation.

Video Content Requirements

The video shall feature the following key segments:

1. Before Implementation (recommended duration: 50 seconds)
 - Show the workplace scenario before the innovation was introduced
 - Highlight key safety issues or inefficiencies
2. Innovation Overview (recommended duration: 50 seconds)
 - Brief explanation of the innovative solution
 - How it addresses the safety issues or inefficiencies
3. After Implementation (recommended duration: 50 seconds)
 - Show the workplace scenario after implementing the innovation
 - Highlight improvements in safety, efficiency, or other relevant metrics

Technical Specifications

- Duration: Not exceeding three (3) minutes
- Resolution: Minimum 1080p (1920x1080)
- Format: Any standard video format (e.g., MP4, AVI, MOV)

Submission Process

1. Upload the video to a video hosting platform (e.g., YouTube, Vimeo).
2. Set the video privacy settings to “unlisted” or “public”.
3. Include the hyperlink in the designated field of the application form.

Important Notes

- The video is a crucial component in evaluating the innovative project/ solution’s impact and effectiveness.
- Applicants are advised to:
 - Use visual aids, demonstrations, or animations to clearly illustrate the “before” and “after” scenarios;
 - Deliver a clear, concise, and professional presentation throughout the video;
 - Ensure the video is of high quality and displays well on large screens;
 - Ensure the video remains accessible until end September 2026; and
 - Retain the original video footage, as it may be selected for use by the WSH Council for publicity of the Awards.

Terms and Conditions

By submitting an application, the applicant is deemed to have read and understood the terms and conditions.

- All applications must be fully completed and submitted via the WSH Council's online platform by the submission deadline. Late, incomplete, mislaid and undelivered applications will not be considered, and the WSH Council shall not be responsible or liable for such applications.
- Applications submitted via email, postal or delivery services will not be accepted.
- The WSH Council reserves the right to reject any application without explanation or notice.
- The WSH Council reserves the right to disqualify any application not accompanied by the appropriate or correct supporting documents or any application deemed to be inaccurate, false, or misleading.
- Applicants are deemed to have given consent for their details to be shared with third parties, inclusive but not limited to, judges, representatives of the respective industry associations, and appointed vendors.
- Applicants will be notified of the outcome via email by end August 2026. The WSH Council's decision shall be final.
- Award recipients will be officially announced during the Awards ceremony in September 2026.
- The WSH Council will produce a media and publicity campaign highlighting the Awards, Award categories and recipients. All recipients consent to the WSH Council's exclusive right, including through its appointed vendors acting on its behalf, to use submitted content, images, and videos for the promotion of the Awards. In addition, all recipients consent to their exemplary WSH management systems and initiatives being featured in media materials. Select recipients may be approached to speak at WSH-related events organised by the WSH Council and/ or its partners.
- All recipients grant the WSH Council the exclusive right to use and reproduce their names, trademarks, and company logos for pre-event, onsite and post-event marketing of the Awards.
- The WSH Council reserves the right to amend these terms, the judging panel, the Awards, and/ or the Awards ceremony at its own discretion, at any time, and without notice.
