National WSH Campaign 2023

- Launched on 23 May 2023.

- Campaign's headline - **"Reporting Saves Lives";** involves fostering a culture of trust between employers and workers and looking out for unsafe practices at workplaces to keep everyone safe.

- Scan the QR code to find out more details at the Campaign microsite.

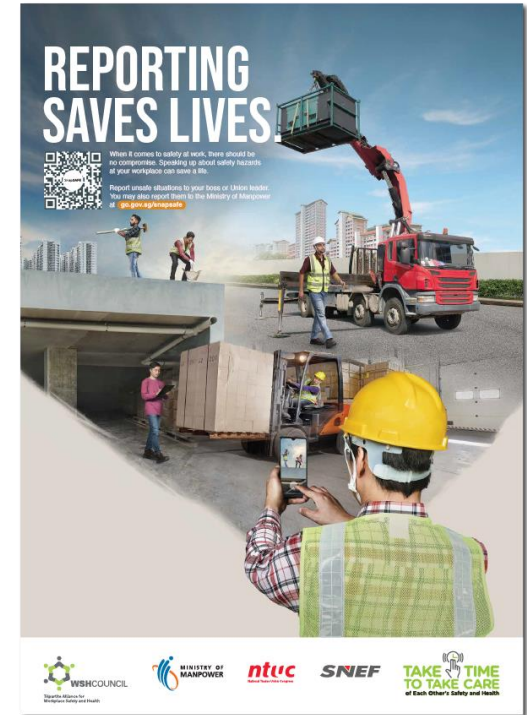

It's so high and dangerous.

National WSH Campaign 2023

Scan the QR code to watch our Campaign video to find out how a worker shows care for his co-workers by keeping a lookout for workplace risks and reporting them immediately to his supervisor.

It's so high and dangerous.

National WSH Campaign 2023

Scan the QR code to download this poster and share it with your friends and fellow co-workers to inform them on reporting of unsafe work practices at the workplace.

Release of guidance material to help SMEs in their WSH journey

- To better support SMEs in their WSH journey, the WSH Council has launched a series of bite-sized guidance materials in four languages (English, Mandarin, Malay and Tamil) targeting the common accident types.

- These WSH Packs are curated to help SMEs strengthen their awareness of common safety hazards amongst workers, to prevent accidents.

Revised START Guide for SMEs

- Launched on 28 July

- The newly-revised START Guide contains a simple five-step approach to help SMEs make their workplace safe and healthy for their employees.

- The Guide has simple checklists, sample safe work procedures, a sample risk assessment, and more resources to help SMEs build their WSH capabilities.

- Download the revised START Guide for SMEs in English, Mandarin, Malay and Tamil.
