## Join the Construction WSH Leadership Dialogue 2021

The Construction industry has unfortunately seen 10 workplace fatalities from January to October 2021. This accounts for more than 30% of all workplace fatalities this year.

The WSH Council, supported by the Ministry of Manpower, is organising the Construction WSH Leadership Dialogue 2021 to emphasise the importance of prioritising WSH practices and tightening WSH measures for the upcoming festive period and as we journey into 2022. The Dialogue is set to raise thought-provoking WSH leadership insights for the industry as we navigate through the Covid-19 pandemic.
