WSH BULLETIN

SPOTLIGHT

Improvements in Workplace Fatalities in First Half of 2023

The annualised fatality rate for the first half of 2023 dropped by half to 0.8 per 100,000 workers, compared to 1.6 for the same period in 2022, and 1.3 for 2022 as a whole. This reflects the positive outcomes from the Heightened Safety Period. Based on our past three years’ safety performance, Singapore comes after the top four OECD countries.
