WSH BULLETIN

SPOTLIGHT

Call to Transportation and Storage Sector for Vigilance

Injury rates for the Transportation and Storage sector have been comparatively higher in March. The WSH Council urges companies to exercise greater vigilance to avoid top injury causes, such as vehicular incidents and slips, trips and falls.

Advisory on Emergency Response for Injured Workers

The Ministry of Manpower issued an advisory outlining a four-step approach for attending to injured workers and identifies key medical emergencies requiring a 995 call for Emergency Medical Services. Employers must comply with the WSH Act by implementing emergency procedures to safeguard workers' safety and health.

LATEST HAPPENINGS

Advanced Technology and Innovation Shaping the WSH Culture of the FM Industry

With a dynamic facilities management (FM) industry increasingly adopting technology such as artificial intelligence, Mr Raj Joshua Thomas, Chairman of the WSH Council (FM) Committee emphasised the need to reconcile such technology adoption with WSH to keep our workers safe.
